

Hugging Face Brochure

COMPANY OVERVIEW

Hugging Face is at the forefront of the artificial intelligence (AI) revolution, creating an inclusive and collaborative community that builds the future of machine learning (ML).

We empower users to explore, create, and share AI models, datasets, and applications on a comprehensive platform that enhances collaboration and accelerates innovation.

Our Mission

To democratize AI and nurture an open-source culture that fosters creativity and collaboration among all skill levels in the ML community.

CORE OFFERINGS

Models: Explore over 1 million AI models, including the latest advancements and trending projects like Qwen and DeepSeek.

Datasets: Access a vast collection of 250,000 datasets essential for training and deploying machine learning algorithms.

Spaces: Create and run AI applications effortlessly, fostering real-time collaboration.

Enterprise Solutions: Tailored solutions offering robust security, priority support, and advanced features for organizations aiming to scale.

COMPANY CULTURE

At Hugging Face, we pride ourselves on our community-centric ethos. We embrace an open-source philosophy, encouraging innovation and collaboration. Our inclusive culture invites diverse perspectives, making it a great place for all individuals passionate about AI and machine learning.

Inclusivity

Encouraging participation from all backgrounds and skill levels.

Collaboration

Building a community where knowledge is shared and collective progress is prioritized.

Innovation

Continuously pushing the boundaries of what is possible with AI.

CUSTOMER BASE

With over 50,000 organizations relying on Hugging Face, our platform is trusted by industry leaders like Google, Microsoft, and Amazon.

Our tools have been adopted across various sectors, enabling teams to deploy state-of-the-art AI without compromising on security or efficiency.

CAREER OPPORTUNITIES

Join the Hugging Face Family!

We are always looking for passionate individuals who want to shape the future of AI.

Current Openings:

Software Engineers

Data Scientists

Community Managers

Product Managers

Benefits of Working with Us:

Work in a flexible and dynamic environment.

Engage in meaningful projects that make a real impact.

Participate in continuous learning and development opportunities.
