Welcome to Cognizant

INTUITION ENGINEERED - HUMAN INSIGHT, SUPERHUMAN SPEED

At Cognizant, we help companies modernize technology, reimagine processes, and transform experiences to stay ahead in a fast-changing world. Our innovative solutions powered by AI enable organizations to anticipate and respond to evolving market needs swiftly and effectively.

RECENT HIGHLIGHTS

Vibe Coding Week

We set the GUINNESS WORLD RECORDS™ for the largest online generative AI hackathon, yielding 30,000 ideas and prototypes globally.

AI Training Data Services

Specialized services focused on speeding up AI model development at enterprise scale. Build, fine-tune, validate, and deploy AI models faster and better with Cognizant.

Agent Foundry

Transition isolated AI pilot programs into production-grade agent networks, harnessing the full power of AI technologies for your business.

Experience The Future with Cognizant

OUR IMPACT

- **Consumer Goods:** Mead Johnson Nutrition achieved a global ERP transformation in just 11 months with our assistance, leveraging automation and generative AI.
- **Media & Entertainment:** The FA enhanced football education through a digital learning hub, resulting in a 74% increase in average monthly page views.
- **Healthcare:** PacificSource managed to reduce its technical debt while significantly boosting member loyalty.

CULTURE AT COGNIZANT

Cognizant fosters a collaborative and inclusive workplace, encouraging innovation beyond limits. Priority is given to employee growth and creativity, ensuring every team member has a voice in shaping the future. Our partnership with **NVIDIA** exemplifies this commitment to innovation, driving AI-powered solutions for our clients.
